Sub: Inconsistent delivery of food box to all offshore installations at WOU.

Respected Sir,

This letter is in reference to the above mentioned subject matter where the delivery of the food boxes to all offshore installations at WOU are not consistent on regular basis. The assignment of boats for food boxes takes days after loading them with food items. Many of the items being perishable gets rotten and hence are in unusable condition. The food boxes are kept at Nhava supply base for days after being loaded and never reach the desired destination on time.

It has been long since we are facing such a problem where timely delivery of food box is not met. It is seen that Nhava supply base is struggling to keep up with the offshore needs where delivery of various offshore items along with food box comes into play. Hence it is advised to shift the supply of food box from Nhava to another Jetty like JNPT, by doing so we will be able to resolve the food box related issues.

Timely delivery of food boxes to the offshore locations without getting stranded at the ports will result into providing healthy food to the people working offshore. Such food boxes which reach the destination on time will not have to discard the rotten items and hence no requirement of rationing as far as food is concerned. Hence it is a request to look into this matter and resolve it. **MATTER IS MOST URGENT.**

Thanking You,

Yours Faithfully,

(Santosh Patil)

General Secretary
